

I have some charges on me
in Ohio and they were going to
come to Indiana to get me
because they were told I knew
about Lisa Buckley's murder.
So I called Terry Swigart and
told him I would meet him in
Richmond at Tom Liley's house
because he couldn't arrest me in
Ind. so he came over to Tom's
and told me a guy had told
him that me him and Billy went
to a bar and got drunk and
Billy supposedly told me everything
about killing Lisa I told Mr. Swigart
that it never happened and that I never
been to a bar with Billy and he
told me if I agreed with that other
guy ~~and~~ and what he had said that he
would drop all the charges they
had on me and he said he would
make it right with me if I testified
against Billy and I told him it never
happened so they left.

About three months later they came
over to arrest my roommate and found
a stolen license plate and they said

they wouldn't do anything if
I gave them something on Billy Scott
they said on Lisa's murder or anything
they could get Billy on anything to
where they could get Billy in jail
to hold him on.

The way I see it Larry Slaughter
just wants to convict Billy whether
he did it or not, because he
told me all I had to do is go
along with that other guy story so
he could convict Billy he didn't
say it straight out, but in so
many words he said he if you
have to prove I had a witness
to the whole conversation as name
is Tom Riley

I forgot Mr. Slaughter told me he
knew Billy did it he just couldn't
prove it.

Officer Guibault came to my house at 825 So. E. Richmond. He came to talk to Therman Gray about the murder of Lisa Sussley. He said that they had a statement from another guy saying that Therman and this other guy heard Billy Scott say he killed Lisa Sussley. Therman told Mr. Guibault that he never read it, that if he did he would turn Billy in. Mr. Guibault told Therman he wasn't telling him what he wanted to hear. Therman said what do you want me to do he. Mr. Guibault never answered. He then told Therman that if he agreed to say other guys' statement he would drop all charges against Therman. He told us he was sure ~~that~~ Billy killed Lisa. But he'd do anything to convict him.
