Re: State of Ohio v. Billy Scott

Dear Mr. Moody;

Pursuant to our conversation of today this is to confirm that William Riley and I interviewed Gary Heath at the Dayton Workhouse. The interview was videotaped in part by myself and the videotaping was not complete because the camera battery was too weak and there were no electrical outlets available in the room. Mr. Heath was placed under oath as he also signed a statement which was done before me as a sworn statement to which I affixed my notary seal.

Sincerely,

THE HOBBS LAW OFFICE
